

Shower Door Hardware Warranty

GT Glass warrants its Shower Door Hardware for a period of five (5) years from the installation date. The Shower Door Hardware is warranted against material defects and defects in workmanship.

Claims against this Limited Warranty are subject to inspection by GT Glass prior to any issuance of a remedy against the warranty claim. This Warranty does not apply if it is determined that the Shower Door Hardware has been installed and/or maintained in a manner that is not in accordance with GT Glass instructions and guidelines. Wearing and degradation of the finish on oil rubbed bronze hardware should be expected, is inherent to a "living finish" characteristic, and thus, does not constitute a material defect or a defect in workmanship. This Warranty applies to the original purchaser and is not transferable. This Warranty is extended to residential applications only.

GT Glass will only provide the following forms of remedy under this Warranty:

- Replacement of the subject hardware – Materials only, labour not included.

This constitutes the extent of GT Glass liability and obligation for any material defect or defect in workmanship concerning its Shower Door Hardware.

GT Glass makes no other warranty, expressed or implied, including without limitation, any implied warranty of merchantability or fitness for a particular purpose. In no event shall GT Glass be liable under any legal theory (including but not limited to contract, negligence, strict liability in tort, or warranty of any kind) for any indirect, special, incidental, consequential, or exemplary damages (including but not limited to lost profits).

** Living finishes have no protective coating, are intended to change over time with use, may rub off during use and may darken over time. The reason for using a living finish is to add uniqueness and character to the fixture.*
